Plant Sale Coming! Saturday April 27th

We need your help!

Here are some early things you can do:

- 1) If you have empty pots, please bring them to the library (especially the BIG ones... nothing smaller than gallon size.) Leave them along the south side of the library any time.
- 2) If you have plants to divide/dig up and donate, we need them! If you need help to get them out of the ground, let Ron Rada or Carol Campbell know and we'll organize some help. Ron will have soil available for potting things.
- 3) If you have something to donate that's IN BLOOM or otherwise looking great right now, let Carol know and we'll try to sell it earlier than April. Carol's number is 871-7820.
- 4) If you will be doing some landscape renovation, or know of someone else who will need lots of plants, let us know; we can arrange an early viewing of the plants we have available for sale already. (Many things do best when planted early.)

If you would like to help, call Carol so we can get you included!

Or you can email the Editor and he will forward your name.
