COMING SOON TO YOUR LIBRARY

KRL will soon be piloting a new program called "Book a Librarian", where patrons can book a professional to sit with them one on one, and get help with whatever it is they need. Maybe they need computer skills? Help with a certain program? How to use an e-reader? Create a résumé? We'll be piloting the program at two libraries beginning January, and MANCHESTER will be one!

Halloween Fun

Manchester librarians encourage kids of all ages to wear their costumes to the library beginning the 26th and they can trick or treat some candy.
